CURE FINDERS
fighting cystic fibrosis

2024 and it's just getting better and better in the CF world. We're ramping up for the big CF shoot and look forward to seeing you, hearing from you and getting to see each of you once again. We have attached team sign up information (last page) and sponsor information. Give a look and get signed up!

A big change this year! We are shooting on Thursday, April 24th & Friday, April 25th. No Saturday slots available!

And here's an update on the Deanda 'benchmark' kids. Just a snapshot to show that what you have accomplished over the past 22 years has been effective!

Callie, 28, is married (as you knew from last year) and is the proud mother of 1 year old Clea. Callie, Aethann and Clea are all doing great. What couldn't have happened without you, has now happened!

Cale (26) got married. Found a marvelous young lady at church and now they are an item, he is still managing Iron Mountain Sporting Clays and is doing quite well. His health is good and the drug, Trikafta, is still doing what it should be doing for both he and Callie. The remodel of his home is now in the rearview mirror and he is enjoying life!

The Gray man is not to be left out. He is no longer an Army guy. He chose to begin civilian life and has been back in Sevierville since November of last year. He's working on creating his new cyber security firm and things are looking pretty good for him.

Most importantly, while cystic fibrosis is always frontmost in the lives of CF patients, forcing certain behaviors and regimens (treatments, diet, etc.) it has, thankfully, not caused any hospital stays or major illness for our household in the past year. This is due to the drug, Trikafta that has been a life changing development for many CF patients, these two included. This breakthrough drug is one of the many that are working and working because of the diligence, finances and prayers you have brought to the research table.

The biggest CF news now is the great promise of genetic therapies. These regimens when successful will push the barriers of serve the whole CF patient community. We, like you will continue the fight until CF stands for Cure Found!

CURE FINDERS
fighting cystic fibrosis

Why join Vulcan Materials Company and help sponsor the 'Make-A-Break-Thru for CF' Sporting Clays Tournament? Your donation will be used to help find a cure for cystic fibrosis, the most prolific genetic killer of our children. Research in the recent past has produced several successes in treatment and many believe a cure will be found in the near future. In the 1960's the life expectancy of a CF child was 4 years, now, 2025, it has risen to 57+. With your help, we WILL find a cure.

After reviewing the opportunities please select a sponsorship level below.

☒ Title Sponsor (Sold to Vulcan Materials, \$25,000)	☐ Gold - \$2,500
☐ Event Sponsor - \$10,000	☐ Silver - \$1,000
☐ Platinum - \$5,000	☐ Bronze - \$500

About the Tournament

In 2024, our 22nd year, over 500 participants had a great time. Our volunteers were praised for their efficiency, our sponsors honored at every opportunity and our shooters felt like old friends over for dinner at a shoot on a private range. That's important but even better we raised over \$300,000 for cystic fibrosis research. Oh, and the best prime rib you will ever eat! We are committed to an organized, quality tournament, good food, good fun, good friends and a good cause, the cure for cystic fibrosis. It's worth every drop of sweat and worry we put into it. Know this, you may arrive a stranger but you'll leave as a friend!

Important Info!

This year we shooting on Thursday April 24th and Friday April 25th!!

Days & Times

Thurs – April 24 th	-----	9am - 1pm
Friday – April 25 th	-----	9am - 1pm - 3:30pm
